APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion of a portion of the waters of an underground source as heretofore granted under Permit 44263 is issued subject to the terms and conditions imposed in said Permit 44263 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the Proof of Completion of Work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. The State retains the right to regulate the use of the water herein granted at any and all times.

This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The total combined duty of water under Permits 44251, 44252, 44253, 44254, 44255, 44256, 44257, 44258, 44260, 44261, 44267, 44268, 44269, 44270, 49988, 49989, 49990, 49991, 49992, 49993, 49994, 49995 and 49996 shall not exceed 15 million gallons per day or 16,800 acre-feet annually.

The manner of use of water under this permit is by nature of its activity a temporary use and any application to change the manner of use granted under this permit will be subject to additional determination and evaluation with respect to the permanent effects on existing rights and the resource within the ground water basin.
(CONTINUED ON PAGE 2)

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.75 cubic feet per second, but not to exceed 543 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before June 15, 1988

Proof of completion of work shall be filed before July 15, 1988

Application of water to beneficial use shall be made on or before June 15, 1989

Proof of the application of water to beneficial use shall be filed on or before July 15, 1989

Map in support of proof of beneficial use shall be filed on or before N/A
